Media Information & Rate Card (EURO) 2012

Professional D

The international demolition, concrete cutting, concrete f

PDi, Professional Demolition International Magazine, founded in 2000 is the only worldwide magazine devoted to serving the entire concrete sawing and drilling, demolition and recycling industries.

A broad coverage

PDi is distributed worldwide to nearly 10,000 companies. It is estimated that each issue is at least read by a minimum of six people within the same company/address. This means that we expect that at least 60,000 people read each issue. Every issue of PDi Magazine always contains interesting and useful information about what is new and what is going on within the demolition, concrete sawing and drilling, concrete floor grinding and polishing, recycling, industrial cleaning and soil remediation industries around the globe.

Each year we publish country surveys including valuable figures, a number of special product features and company profiles. We also regularly estimate the size of the demolition, concrete sawing and drilling, floor grinding and recycling industries in total and separated country by country. PDi also maintain close relationships with several branch associations, which are regularly covered in the magazine. PDi Magazine is member of International Association of Concrete Drillers & Sawers as well as European Demolition Association.

Growing industries

The total value of the world's professional demolition, concrete cutting, recycling industries and related activities is estimated to be well over Euro 80 billion, and is steadily growing year by year.

Our qualified staff at your service

PDi has eight qualified writers and three columnists based in different countries and another four executive sales representatives. We also have close co-operation with several branch associations. Please do not

hesitate to contact our editorial team if you have any interesting projects or product launches that you would like us to cover.

In this folder there is detailed information about the editorial calendar and circulation figures for 2012. On the following pages you also

find information on advertising rates and contact information for our editors and sales representatives.

January - February 2012

Special Features:

Crushing and Screening Buckets
Rigmounted crushing and screening equipment for recycling purposes.

Handheld Equipment

Focus on light and handheld machinery like power cutters, jack hammers, chain saws, etc

Core drilling Equipment

Drill stands, automatic feeding devices, gyros and other types of special equipment for core drilling, besides core drilling machines.

GPR Equipment

Ground Penetration Radar: What's inside the material? Who supplies the equipment?

The very best in Quick Coupling Systems

Change you attachment in a twinkle of an eye. Here are the systems that help you.

Circulation 2012

Breakdown per industry

Demolition contractors	4406
Concrete sawing & drilling contractors	3399
Waste and recycling specialists	423
Floor grinding/renovation	934
Manufacturers, agents and distributors	234
Others	123
Total	9519

Breakdown by region

Europe	4631
North America	3558
South and Central America	145
Africa	101
Middle East	72
Asia & Pacific regions	1012

Demolition Inter

floor grinding, concrete floor polishing and recycling magazine reader

March - April 2012

Features:

Excavators

About midi, heavy duty and demolition excavators.

Mobile recycling equipment

What's new in terms of mobile crushing and screening units for recycling of concrete, bricks, asphalt, wood and other types of building materials?

Breakers

In-depth presentation of new hydraulic breakers on the market.

Surface milling and grooving equipment

Milling and grooving a new method for efficient road surface repair.

May - June 2012

Special Features:

Mini and Compact Excavators

Demolition tasks are today

often carried out by small and compact excavators equipped for demolition purposes. PDi have the news!

Motors and power packs

This new feature tells you all about what is new in terms for electric, petrol, diesel or gas driven motors and power packs for concrete sawing and drilling and demolition

Dust Extraction Equipment, wet vacs and Air Cleaners

Keep the worksite clean from dust and slurry. PDi shows you the most efficient way.

Wall and Wire Saws

Latest news on the market and most of it is high frequency powered.

July - August 2012

Special Features:

What about wheel loaders?

In demolition a big number of different types of loaders are used to move or bring out waste from a demolition or recycling site. This is what is new in terms of wheel and back hoe loaders.

Demolition Attachments

All about boom mounted concrete crushers, pulverizers, shears, sorting grapples and multi processors.

Demolition Cranes

On really high altitudes only the cranes can reach and they are still an important device for demolition with a wrecking ball hanging from the boom.

Implosions Technique

Common in certain

of the world, rare in others. Sometimes it's the only way to fall a structure but only by very skilled operators.

PDi Contributors

PDi Magazine Editorial Staff

Publisher & Editor-in-Chief

Jan A. Hermansson

Tel: +46 8 631 90 70

jan.hermansson@pdworld.com

Jan Hermansson has been working closely with the demolition industry, both in Scandinavia and other parts of the world. He has extensive journalistic experience from work within the construction industry, but has devoted more than 20 years of his life to the concrete cutting, demolition and recycling industries.

Managing Editor

Anita do Rocio Hermansson

Tel: +46 8 631 90 70

anita.hermansson@pdworld.com

Born in Brazil and graduated as teacher in Portuguese and Journalist. Anita do Rocio Hermansson has extensive knowledge of the transportation and construction industry. She has earlier been working as editor and reporter for several Brazilian newspapers, in-house magazines, etc. Since 1995 Anita has been working within the Scandinavian demolition industry as journalist for the Swedish demolition magazine Professional Demolering.

Editor Scandinavia

Petra Meyer Linderöth

Tel: +46 8 631 90 70

petra.linderöth@pdworld.com

Petra Linderöth is a trained graphic designer and also a journalist and has a bachelor of arts in culture, communication and humanities. She has previously worked for many years on the well-known Swedish newspaper Byggingindustrin. Prior to that she worked for Rox Media among others.

Editor Global

Mikael Karlsson

Tel: +32 2 387 47 95

mikael.karlsson@pdworld.com

Mikael Karlsson is a freelance writer and photographer, based in Brussels since 1989. Mikael has worked as editor of in-house and sales promotion magazines at several multinational companies in the transportation, materials handling and construction industries. Mikael reports on these businesses, mainly in Europe and South America, for company based as well as independent branch publications.

Editor North America

Jim Parsons

Tel: +1 703 392 0150

jim@parsonage.net

Jim Parsons is a freelance writer, based in Bristow, VA, USA. He has covered architecture, engineering, and construction issues for more than 15 years. Jim also has a wide range of experience in other technology and business fields. He is a graduate of Virginia Tech with degrees in political science, education,

ence, education,

Editor Russia

Andrei Bushmarin

Tel: +7 921 949 27 81

andrei.bushmarin@pdworld.com

Andrei Bushmarin based in St. Petersburg, Russia, joined the demolition industry some years ago. Chemist-technologist by education. Graduated from St. Petersburg Technological Institute in 1997. Track record includes employment in the Russian mining and metallurgical industry as well as in the Russian manufacturing industry. Gained his experience in the concrete sawing and demolition businesses working in close collaboration with major cutting and demolition contractors in Russia.

Correspondent Europe

Mark Anthony

Tel: +44 1372 721020

mark.anthony@pdworld.com

Mark has been writing about construction and demolition processes and equipment for more than 20 years. Public relations officer and webmaster for the UK's National Federation of Demolition Contractors (NFDC), Mark is also editor of the leading UK demolition publication Demolition & Dismantling. In addition, Mark was the co-author of the NFDC's guidance notes on high reach excavators, mobile crushers, and floor-by-floor deconstruction.

Correspondent Africa

Kevin Mayhew

Tel: +27 (0)84 341 29 23

designmp@iafrica.com

Kevin Mayhew is PDi's correspondent in Africa. He is a freelance journalist based in Johannesburg and entered South African journalism in 1979. He has worked in newspapers, radio and television. Awarded a national award for transport journalism hard news in 1986, has written extensively on business matters in southern Africa and has travelled a lot in Africa and Europe as well as worked in England, Germany and the Middle East.

PDi Magazine Columnists

Columnist International & US Concrete Cutting Industry

Patrick O'Brien

Tel: +1 727 577 5004

pat@csda.org

www.csda.org

Patrick O'Brien is in each number of PDi the voice of the US but also the international concrete sawing and drilling industry. With his position as Executive Director of US Concrete Sawing & Drilling Association, CSDA as well as former President of the International Sawyer & Drillers Association and also one of its founders he reports on important news and activities within the US association as well as global issues.

Column of the International Association of Concrete Drillers & Sawers (IACDS)

Tel.: +41 318 582 220

info@iacds.org

www.iacds.org

The International Association of Concrete Drillers & Sawers (IACDS) is an organization of professional drilling and sawing Associations from the concrete construction and renovation industry around the globe. The IACDS mission is to provide an international union with the cooperation of trade Associations to support and promote the development of professional drilling and sawing contractors and their methods. In each issue of PDi a representative of the association submits an editorial column.

Column of the European Demolition Association (EDA)

EDA Secretariat

Tel: +32 280 827 60

info@europeandemolition.org

Web: www.europeandemolition.org

The European Demolition Association was founded in 1978 and is the leading platform for national demolition associations, demolition contractors and suppliers. In each issue of PDi a representative of the association submits an editorial column.

Columnist Institute of Demolition Engineers (IDE)

Tel.: (+44) 7870 404906

john.woodward@demolishdismantle.co.uk

www.demolitionengineers.net

John Woodward from the UK is the President of the Institute of Demolition Engineers, the only institute of its kind in the world, whose aims are to exchange good demolition practice amongst its members to educate and inform the industry and other interested parties. John has over 20 years of experience from working in the UK demolition industry as a contractor and latterly as a consultant. He has played an important role

in developing, along with the NFDC, UK demolition guidance on the top down demolition of multi storey structures. John is well respected in the demolition industry where his knowledge in the field of demolition techniques and demolition related training has led to numerous speaking engagements throughout Europe and high profile demolition projects as a consultant. He will report on developments within the worldwide demolition industry.

Columnist Recycling & Demolition

Heikki Harri

Tel: +358 40 501 5157

heikki.harri@pp1.inet.fi

Heikki Harri is PDi's columnist covering the world's recycling industry. He is also the magazines extended arm to the world's demolition associations. Heikki Harri has decades of experience from working with the international drilling, crushing, screening and recycling industries.
